## Off-Campus Lunch Permission Form *For seniors only*

Seniors that are in good standing at Daleville High are given the privilege of going off campus for lunch. In order for students to maintain this privilege, they must conduct themselves in the different eating establishments as if they were still on school grounds. All school rules are still in effect. They may not bring the food and drink back on campus for themselves or other students. Students will lose their off campus privilege by being late to class following lunch, unexcused absences from school, office referrals, or any other issue deemed appropriate by administration.

By signing below, you are indicating that you are aware of these guidelines and that you give your student permission to leave the school campus for lunch.
