

DALEVILLE CITY SCHOOLS

Roadmap to Reopening Schools 2021-2022

We are the Mighty Warhawks and we will rise!

DALEVILLE CITY SCHOOLS

626 North Daleville Avenue
Daleville, AL 36322

DR. LISA STAMPS, Ph.D.
SUPERINTENDENT

PHONE: (334)598-2456
FAX: (334)598-9006

July 9, 2020

Dear Daleville Family,

The following plan gives details about the Daleville City Schools' Roadmap to Reopening Schools for the 2020-2021 school year. With guidance from the Alabama Department of Education's Roadmap and the Alabama Department of Public Health Orders, we have developed a plan aligned with state and federal guidelines. Our plan provides as many specifics as we can at this point about many topics regarding the day-to-day running of the school. Our foremost goal is to ensure our students and staff return to a safe and rigorous learning environment.

Students are depending on us as we implement our plan. We ask that parents and guardians assist us in making this a great year in spite of the unknowns ahead. We know that it is not a normal situation to have school with social distancing in place as we are dealing with Covid-19. We know there will be obstacles. We ask that all our Daleville family commit to the following four guidelines:

1. Clear and constant communication. Please provide us with accurate phone numbers as they change. It would be terrible if a student became sick and we could not contact his/her parents. We will make you aware of what is going on at school on a regular basis. Teachers are going to communicate about academic progress. Please be available to receive calls, texts, or emails.
2. Safety first. We have all heard that statement but it has never been truer. Please make us aware immediately of your child's exposure to or contraction of Covid-19. We are determined to disinfect and clean as much and as often as feasible. Help us remind your child that soap kills the virus on contact. We will practice hand washing throughout the day.
3. Follow the guidelines. As we maneuver through the plan, everyone – students, staff, and parents - needs to read the attached procedures and guidelines and commit to following them for the safety of all. That is going to be our expectation as we move forward.
4. Work toward academic excellence. We have reduced our number of student days from 180 to 175 so we could push our start date later into August. For the sake of our students' present and future learning we don't have time to waste so we will work hard and teach with rigor daily. We will expect everyone to do their part so our students reach academic excellence. As we reach for excellence, we will also admit that we will fail or make mistakes sometimes. We know there are things beyond our control and we must accept it and move forward. We all will need to give ourselves and others a big dose of grace when we don't have the answers. We will not give up. We will keep trying for our precious students' sake.

We are excited to reopen schools in August and look forward to seeing our students face-to-face, teaching them, investing in their lives, listening to them, and watching as they grown and learn. As we implement our plan, we ask for your patience. We thank you all in advance for all the ways you will assist in these great efforts. We are committed to following the laws and orders, making every effort to be equitable for all students, doing what is in the best interests of our families and staff, listening to your concerns, making sound decisions, and making adjustments when necessary. We are cutting through a path that has not been cleared by others. It will be hard. It will be burdensome. But our Daleville City Schools' students are worth all the effort. We are in this together. We are the Mighty Warhawks, and we will rise!

With Much Appreciation,

Lisa Stamps, DCS Superintendent

Appreciation: The DCS administration and staff greatly appreciate those who contributed to the development of this document.

Disclaimer: The information provided in this document does not, and is not intended to, constitute legal advice. Instead, all information, content, and details available in this document are for general information purposes only. Information in this document may not constitute the most current legal regulations. No reader or user of this document should act or refrain from acting on the basis of information in this document without fist seeking legal advice from counsel in the relevant jurisdiction. All liability with respect to action taken or not taken based on the contents of this document are hereby expressly disclaimed. The contents of this document is provided "as is." No representations are made that the content is error-free. The document is not an exhaustive list of every action Daleville City Board of Education will need to return to school or remain at school. Guidance by the Alabama Department of Education is not mandated. Daleville City Board of Education has the authority and flexibility to meet their individual needs and be responsive to the community.

Guiding Principles

In the event we have an outbreak of coronavirus or other health concern, we will adhere to these principles.

1. We will be transparent. We will share what we know and what we don't know and be clear about what we can control and what is outside of our control.
2. We will be equitable. We will center decisions on what is best for all students, families, and educators.
3. We will listen. We will bring together diverse stakeholders and experts to understand realities on the ground and to provide creative solutions.

4. We will put safety first. We will leverage science, data, and public health leadership to inform the decisions we make.
5. We will be decisive. Given the size and scope of the challenge, we must move deliberately and make tough choices. We may make mistakes but will adapt quickly as variables change.

General Guidance

Status Determination

In the event of an outbreak, we will follow what the Alabama State Department of Education and the Alabama Department of Public Health's guidance to determine status of schools.

Contract tracing is done by ADPH. DCS is not responsible for contact tracing.

DCS Persons with Covid-19

- All DCS' persons (employees, students, and persons who have had contact with DCS' persons) who are diagnosed with Covid-19 should immediately notify the superintendent's office.
- Employees may send in medical documents digitally.
- Students who are ill at school will be placed in a designated area of isolation with a facial covering in place. A parent will be called to transport the child home.
- Students sent home from school should be kept home until they have completely recovered according to the ADHP guidelines
- All employees or students who are diagnosed with Coronavirus or are experiencing symptoms related to it are encouraged to seek medical treatment and advice to include receiving a proper test for the virus. Further, all employees and students who are diagnosed will follow the CDC recommendations of quarantining prior to returning to school.

Close Contact (6/15 Rule)

CDC guidelines will determine how close contacts are defined.

Covid-19 in the Household

For students and employees who reside in a household in which someone has been determined positive for coronavirus, current CDC guidelines will be followed before they should return to DCS campuses.

Application applies if any person has been within 6 feet of an infected person for 15 minutes or more.

Tracing of DCS Campuses

Contract tracing is only conducted by the ADPH or local officials may request contact tracing and if so, we ask for cooperation.

Notification of Infection

- If an employee or students tests positive for coronavirus, DCS will use its best efforts to notify individuals who may have had close contact with the person who has tested positive, in consultation with or based on guidance from the ADPH.
- No personal information of the infected person will be released (HIPAA rules apply).

Home Screening

Home is the first point on the screening continuum. DCS will educate and support families on identifying the symptoms that indicate students and staff must stay at home. Families should self-report symptoms of illness, which could be fever, new onset cough, etc. All self-reports will be confidential.

Temperature Checks

It may become necessary to conduct temperature checks of staff, students, and people entering the office. No person with a temperature of 100.4 degrees will remain at DCS schools.

Commitment to Wellness

Each person entering DCS schools (faculty, staff, students, substitutes, etc.) will sign a “Commitment to Wellness” statement for the duration of time spent on campuses during the 2021-2022 school year.

Visitors

Daleville City Schools staff desires to welcome visitors and is conscious of the importance of guests in our schools. However, we will follow these guidelines regarding visitors in our schools.

- Under normal operating conditions
 - Visitors will follow Board Policy and proceed as normal.
- In times of a coronavirus outbreak
 - Visitors may not be allowed in the schools.
 - Conferences and required meetings may be conducted virtually.

Targeted Closure

In the event of a positive test the person will go to the isolation room, the classroom and isolation rooms will be closed until areas can be sanitized and disinfected.

School Closure

Classrooms or grade levels in one school may be affected for a few days or a week, depending on guidance from the Alabama Department of Public Health. During these times, the system will switch to the remote learning instruction and until students can return to school. In preparation for possible outbreaks, we will go to a blended approach where students and teachers will go from a traditional setting to a fulltime remote learning/virtual program and reopen gradually before reopening back to a full traditional method. Before we reopen again, we will deep clean for that school. When we begin to reopen the entire school we may begin with a gradual rate and a staggered schedule. This will allow the system to clean and sanitize the schools weekly. However, DCS’s main objective is to hold school as naturally as possible.

Should there be any type of large-scale outbreak or the Governor issues an order to stay at home, the system will continue instruction through virtual means. We have an online platform we will use at both elementary and secondary levels.

Masks and Face Coverings

- If there are cases in our area, the school system may require masks to be worn in classes or on buses.

Hand Sanitizer

- Hand sanitizers should be used with staff and students regularly between washing with soap and water.
- Hand sanitizing stations will be available throughout DCS campuses.

Cleaning and Disinfecting

DCS will:

- Provide school-level guidance for cleaning and disinfecting all heavily trafficked spaces in buildings.
- Convene custodial and facilities staff to review and make actionable guidance regarding cleaning and disinfection.
- Maintain facilities for normal school operations.
- Clean frequently touched surfaces including light switches, doors, rails, desks, chairs, bathrooms, lockers, etc.
- Change air filters regularly.
- Place signage regarding frequent handwashing, cough etiquette, and nose blowing.
- Audit necessary materials and supply chains for cleaning and disinfection supplies.
- Keep restrooms and hand washing sinks supplied with soap.
- Develop procedures to minimize times and areas where large groups typically congregate or transition during the school day.

Water Fountains

- Some water fountains will be turned off and students will be allowed to use ones that are being monitored. They will be used to fill water bottles *only*. Students will not be allowed to drink from them.
- During the hot months, it is recommended parents purchase each child a clear water bottle and label it with the child's name. The water bottle should be filled

daily from home and maintained on the child during the school day. There will be no sharing of water bottles.

- Students may purchase bottles of water at school.

Restroom Use

- Teachers will coordinate restroom schedules as needed.

Student Storage of Supplies

- For middle and high school students, lockers can be rented but trips to lockers will be limited and scheduled so number of students will be limited.
- For elementary school students, supplies may be stored in assigned desks, backpacks, or school boxes to limit contact of supplies by others.

Quarantine Space

- Schools will create a quarantine space for symptomatic students.
- This will be located in close proximity to the nurse's office.

Large Gatherings

- Under normal operating conditions
 - All events will take place as normal.
- In times of coronavirus outbreak
 - Events and attendance may be limited.
 - Events that can be conducted safely may be limited.
 - Events will be canceled if necessary.

Signage

Picture signs indicating the following will be strategically placed on DCS properties.

- Hand washing
- Walking on the right side of the hallway
- Social distancing techniques
- Parent entry signs
- Face mask, fever, cough, etc.
- Coronavirus signs

- Other signs as recommended by current CDC/ADPH guidelines

Tables and Desks

- Extra furniture in classrooms will be removed to allow students to spread out as much as possible.

Resource Teachers: Instructional Coaches, Interventionists and Library Media Specialists

- Under normal operating conditions
 - Proceed as normal
- In times of coronavirus outbreak
 - Resource teachers may be reassigned to core areas.
 - Libraries may become instructional space.

Library Books

- Under normal operating conditions
 - Library books may be checked out as normal
- In times of coronavirus outbreak
 - Library books may be checked out by the teacher for use in the classroom.
 - Media Specialists will provide services as required by the principal.

Remote Learning Preparation

- Teachers will be prepared for a possible campus closure when all students will be using virtual learning.
- Students will be assigned and use an email account so teachers can communicate with them.
- If all students return home due to a campus closure, we may use the following:
- Live video instruction will be conducted for reading and math and if possible for other core subjects.
- Prerecorded lessons may be used for other subjects and electives.

Parent Instruction

Daleville City Schools will provide parents with an instructional video for students that will be posted on the DCS website that may include the following:

- Directions on how to submit assignments by email, text, Google Classroom, etc.
- Explanations of what students are required to do and know.
- Directions of ways to communicate with teachers (email, text, Remind, phone call, Google Classroom, etc.).
- How to access informative videos created by the school.

Elementary Contact Activities

- In the event of a regional outbreak, there will be no close student activities on the floor/rug, or use of interactive panels by students.

Small Group and Pull-Outs

- Under normal operating conditions
 - Students may participate in small group instruction, maintaining social distancing. Pull-outs may be with fewer students and may be acceptable.
- In times of a coronavirus outbreak
 - Student may continue to participate in small groups, maintaining social distancing if required by the CDC. Students may be served within their homeroom.

Physical Education

- In the event of a coronavirus outbreak
 - Students will participate in non-contact, social distanced physical activities. Students will not dress out. Playground equipment will be sanitized after each classroom's use.
 - Physical education teachers may provide services as required by the principal.

Operations and Facilities

There may be times other areas are used as a classroom including the following:

- Cafeteria
- Gymnasium
- Gym stage
- Library

- Vacant Classrooms

Report Cards

Report cards will be sent home either by students or distributed electronically. Parents will be provided with instructions on how to monitor their child's grades electronically.

New Student Registration

- The parent should schedule an appointment either in-person or by phone to get directions if needed and ask questions.
- Copies of the following items are needed:
 - Proof of Residency
 - Birth Certificate
 - Social Security card
 - Withdrawal form from previous school or last report card indicating grade level for 2020-2021
 - Shot record
 - Guardian's Photo ID
 - Special education/504 records (if applicable)
- A packet of school forms including the lunch form, compact, and health form need to be completed and signed by parents/guardians as well. These forms may be found on our website to be printed, completed by parents, and returned to our school offices.
- Student Handbooks will be provided to students the first days of school. Parents should return the signature page to the office.
- Parents are encouraged to check our website for class fees, supply lists, and information about other important things.
- Student schedules for students in 7th – 12th grades will be available prior to the start of school. Parents/Students need to confirm the schedule is correct or make a schedule change request to the counselor as soon as possible.
- **Schedules will not be changed after August 13th.**
- **Some high school classes/programs have fees which must be paid by August 16th.**

Safety & Wellness Measures

Safety & Wellness Training

- All staff will be required to complete the annual Standard Precaution Training.
- Staff will be role models and encourage handwashing and basic respiratory hygiene, such as covering the mouth when coughing.
- School nurses will be a resource person for student educational activities, such as age-appropriate educational videos on hand-washing, covering one's mouth when coughing or sneezing, and how to wear a mask if needed.
- Posters will also be made available for classrooms and school hallways.
- Health tips regarding hygiene will be shared on social media and website.

Personal Protective Equipment (PPE)

CNP workers, bus drivers, nurses, and custodians will be provided with PPE as necessary.

Gloves will be required by school nurses, custodians, and CNP workers.

Safety & Wellness Measures - Parent

- If a child has a pre-existing condition, parents are advised to speak with their child's primary care physician.
- Parents will be encouraged to take students' temperatures and assess students before sending to school. Students who have a temperature of 100.4 or higher and/or are exhibiting symptoms should stay at home.
- If possible, normal morning medications should be given to students at home prior to coming to school to reduce congestion in the health offices.
- Parents will be expected to give appropriate contact information and make plans to ensure someone could check student out if needed.
- Parents should discourage students from taking non-essential items to school as they are prohibited.
- Necessary items taken to school should be sanitized as feasibly possible.

Safety & Wellness Measures -Transportation

- Transportation is the second point on the screening continuum. We will use clearly visible signage that students should not have a fever or coronavirus symptoms if traveling on a school bus. The signage will also outline coronavirus symptoms as an educational tool.

Safety & Wellness Measures - School

- School is the final point on the screening continuum. School system staff should visually check for symptoms (which may include temperature checks and/or confirmation with families that the students are coronavirus symptom free.)
- Faculty will limit the items (papers/tests to be signed by parents) sent home with students that need returned. Items sent home should be sanitized as feasibly as possible.
- Folders may go home once a week but it is recommended to keep paper passing to a minimum.

Safety & Wellness Measures- Nurse

Nurse Office Visits

- Limit well child visits with minor problems (ex. Keep bandages in classrooms for minor cuts and abrasions and clothing for student bathroom accidents).
- Teachers should limit the number of students in the health room at one time and limit exposure.
- School Nurses will work closely with administrators in developing a plan to isolate sick children until someone comes and gets them.
- School Nurses will continue to develop Individual Health Plans for students with chronic health problems.
- School Nurses will assess the student and take appropriate actions. Students may be required to wear a mask until someone comes and gets them.
- School Nurse will sanitize and disinfect as needed.
- For students who take medicines regularly, parents need to make an appointment with the nurse to bring medications.

Safety & Wellness Measures- Students

- In the event a student begins to show viral symptoms while at school:
 - Teacher should call and inform the nurse.

- Student should be sent to the nurse's office.
- Teacher should notify the custodian so that the area can be sanitized properly.
- The nurse should notify school administrators and the parents.
- It is the responsibility and duty of the Alabama Department of Public Health to notify individuals of possible exposure to coronavirus.
- Be mindful of student privacy and share information with only "Need to Know" personnel.
- In the event a student notifies the teacher that they or someone in their home has tested positive for coronavirus:
 - The teacher should notify school administrators.
 - If the student was recently in attendance at the school, the custodian should be notified so that the area can be sanitized properly.
 - It is the responsibility and duty of the Alabama Department of Public Health to notify individuals of possible exposure to coronavirus.
 - Students should stay home quarantined for the number of days required by the current CDC guidelines.

Safety & Wellness Measures- Employee Prior to Arriving at Work

- Check your temperature at home - If you have a fever, contact your supervisor immediately and follow instructions before returning to work.
- Assess your wellness - If you notice an increase of symptoms (cough, fever, chills, muscle pain, shortness of breath, sore throat, a loss of taste or smell, diarrhea...) related to coronavirus, contact your supervisor immediately and follow instructions before returning to work.
- Direct exposure - In the event you have been a close contact (as defined by the CDC) with someone who has tested positive for coronavirus, contact your supervisor immediately and follow instructions before returning to work.
- Positive Results - In the event you test positive for coronavirus, you should notify your supervisor, contact payroll for appropriate leave steps, follow the directions of your medical provider, and be symptom free before returning to work.
- If you must be absent from your position for any reason (not coronavirus related), you should follow normal protocol. (Absences less than 10 days)

Safety & Wellness Measures- Employee During the Workday

- Clock-in/out using your key fob.
- Phone, email, or text co-workers and avoid face-to-face contact when possible.
- Follow current CDC guidelines when using common-use spaces (breakrooms, meeting rooms, etc.).
- When using common-use appliances (microwaves, refrigerators, ice makers, etc.), you should wash your hands with soap and water prior to use.

First Days of School

Students will begin school on **August 10th**.

Parents are encouraged to bring students to school rather than having them ride the bus, if possible. Parents must remain in vehicles during drop off and pick up and refrain from entering the office during these congested times of day.

School Day Activities

DCS will offer only traditional teaching and learning this school year unless campuses are closed due to a coronavirus outbreak. We will offer at-school, in-person instruction with rigor and require daily physical attendance at school (except in the event of campus closure).

- Classroom teachers should minimize the inclusion of cloth and other soft surfaces within the classroom environment.
- Classroom teachers will educate students on best practices for self-care for themselves as well as others (hand-washing, limit sharing of personal items, sneezing in elbow, covering cough, etc.).
- When feasible, desks and table surfaces should be cleaned during transition times.
- All efforts should be given to not sending students to the nurse's office for minor needs (Band-Aids, etc.)
- First period or homeroom teachers will welcome students in their classroom upon arrival to school each day. There will not be a common area for students to congregate.

- Students in Pre-K-2nd grades are self-contained (taught by one teacher in the same classroom all day). Students will transition to P.E. and other special classes (library, counseling, etc.) as deemed appropriate according the guidelines.
- Students in 3rd-8th grades may stay in the same class in assigned seats and content area teachers may move to them. Students will transition to classes for electives such as band and P.E.
- Students in 9th-12th grades may have assigned seats in their respective classes.
- Additional Classroom procedures will be provided at each local school campus.
- K-8th grade students will participate in a screener periodically through iReady to inform instruction and determine progress.
- Technology will be used so students will be familiar with using chrome books, computers, phones, etc.

Special Needs (IDEA, IELP, 504, and Reading Deficiencies (SRIPs)

- The teams should consider revising students' IEPs to reflect their needs based on data and parent feedback. Then, design accommodations and services.
- DCS will support schools to incorporate accommodations and interventions for students with IEPs based on assessments.
- DCS will ensure general and special education teachers collaborate to share students' tests results to inform IEP revisions.
- DCS will consider students' specific needs around accessibility and provide assistive technologies when possible.
- Teachers will follow timelines for plans as IDEA has not approved waivers.
- For students who have been identified as having a reading deficiency, communication with family will occur within 15 days after the date the student is identified as stated in the Alabama Literacy Act.
- Students with special health considerations should be in communication with the local school's educational support committee (IEP, 504, I-ELP, etc.) to support their student learning assignments.
- Staff may develop a daily/weekly schedule that will facilitate social distancing, as much as possible, while continuing to meet the needs of the students as are identified in each IEP, 504, IELP or SRIPs.
- Students/parents need to adhere to all general education guidance and protocols.

Formative and State Required Assessments

All students will participate in all formative assessments

- K-8th grade students will participate in fall literacy assessments as required by State law. All students will participate in a screener periodically through iReady to inform instruction and determine progress.
- All students will participate in all state required assessments.

Transition Procedures

- In times of coronavirus outbreaks
 - All students will move down the halls on their right side using current guidelines.
 - Coaches will divide students up for P.E. and spread groups out.
 - For Special education, EL, and intervention groups, teachers may pick up small groups of students using current guidelines.
 - Teachers will disinfect classrooms at the end of each day.
 - Teachers will be given a supply of disinfectants, hand towels, and wipes and will request more as needed.

Excuses for Absences

- Excuses for absences need to be submitted electronically, if possible by parents or doctors' offices. Parents may email them to the principals or secretaries.
- Absences are unexcused until an excuse has been submitted to the school.

Check-Ins

- Parents need to accompany students to the school's office but may not enter the hallways. Implementation of current guidelines will be required.
- Students need to use sanitizer before and after using the check-in/check-out computer. It will be sanitized periodically during the day.

Check-Outs

- Check-outs may not occur during the last hour of the school day except in extreme emergencies.

Dismissal Procedures

- Due to car traffic for pick up, transportation changes may not be made after 2:00.
- Principals will determine specific school dismissal procedures.
- Strict adherence will be required.

Field Trips and Assemblies

- Under normal operating procedures
 - Field trips may be taken with prior approval by the principal and superintendent and consideration of the status of the location being visited.
 - Assemblies may be approved by the principal.
- In times of coronavirus outbreak
 - Field trips will not be taken.
 - There will be no assemblies.

Organizational and Club Activities

- All DCS organizations must receive approval by the principal for club activities.

Student Code of Conduct

- The Daleville City Schools' Code of Conduct remains in effect.
- Physical altercations are not allowable behavior. Given the current situation, they pose an even greater danger to others and the discipline of altercations will be reflective of the severity.

Social and Emotional Needs

- Counselors and social workers are trained to help meet the needs of students.
- The DCS will maintain a crisis response team that includes administrators, nurses, teachers, mental health specialists, and others to focus on student and staff mental health and wellness using trauma informed models.
- We will provide resources for staff and student self-care using resiliency strategies.
- We will provide professional learning for staff to integrate social and emotional learning routines and activities into the classroom and virtual learning environment.

Transportation

In order to ensure bus transportation, students must be registered by August 5, 2021.

- Parents should continue to consider transporting their children as students will be seated together.
- Students who live in the same household or who have worked in close proximity for a period of time will continue to be seated together.
- All students will have assigned seats.
- School busing operations proceed normally unless otherwise indicated.
- It may be recommended or required that students who ride a bus wear face coverings.
- Upon entering the bus, students will have access to apply hand sanitizer.
- Visible signs to communicate coronavirus symptoms will be displayed.
- Students should face forward and not lean across seats.
- Eating on the bus is prohibited by federal and state regulations. Because of health concerns, this rule will be more strictly enforced.
- Bus expectations will be displayed. Since riding a bus is a privilege, students who infringe on the space of others may be removed from the bus for an extended period of time.
- Students riding to destinations during extracurricular activities will have assigned seats.
- The transportation department will use sanitizing equipment to ensure that each bus is thoroughly sanitized.
- If a student has symptoms during the route, the driver will provide a disposable mask, isolate the student to the front two seats and report to the school nurse upon arrival to the school.
- Each driver will be provided an assigned seat template to specify by grade, location, family considerations, etc.
- Each bus will have a quarantine seat for students who show symptoms during the route.

Plexi-glass is prohibited on school buses as it does not meet Federal Motor Vehicle Safety Standards. No school bus manufacturer recommends its use within the passenger compartment under any circumstance.

Bus drivers will spray common touch points inside the bus to sanitize seats, aisle and floor between seats, rails, etc., prior to the start of a route, between runs, and

immediately following the completion of a run/route in the morning and afternoon routes and for extracurricular activities.

Arrival Procedures

- Student arrival can be no earlier than 20 minutes prior to the start of class. More details will be given.
- All students will report directly to their first period class upon arriving at school from the bus or vehicle.
- Students will not be allowed to congregate in large groups.
- Upon entering the room, each student will use hand sanitizer. (Parents should notify the school if their child is allergic to any form or common ingredients in hand sanitizer.)
- Hand sanitizer dispensers will be available in the halls.
- Hand sanitizer bottles will be placed in each classroom.

Child Nutrition Program and Meals

- Students will eat lunch in the cafeteria with assigned times as normal. The cafeteria will be seated to limit occupancy as feasible. However during an increase in coronavirus, meals may be eaten in classrooms and outdoor areas to spread students apart and keep them from being in large groups.
- Parents may not bring food to the school building.
- Students who bring meals from home will need to pack items that do not require heating or reheating.
- All food items and beverages should be sent with the student. (Remember soft drinks are not allowed.)
- No items may be brought from home for a class or group of students (ex. Cupcakes).
- We will work with the ADPH to follow guidance as it is updated.
- Visitors and/or family guests will not be allowed to dine in the school cafeteria.
- Breakfast will be grab and go sacks.
- Students will not self-serve meals.
- Local school CNP will adhere to current school nutrition guidelines and practices.
- Families are encouraged to prepay to reduce the handling of money (MySchoolBucks).

- Should school(s) transition from traditional learning to remote learning due to a virus outbreak, the system will endeavor to provide students with meals. A plan for pick-up will be provided and posted on our websites.
- We will use disposable trays and utensils.

Snack and Break

- Students will have snack in their classroom or in an assigned area outside the building following current guidelines. Snack will be ordered each morning and delivered to the classroom or picked up by one student per class.

Extracurricular Activities

After School Programs

- During times of a coronavirus outbreak all schools will adhere to school guidance.
- After School Programs may close pending severity.

Athletics

- Students are encouraged to self-report to administrators, sponsors, or coaches if they have been exposed to someone who has tested positive for coronavirus. The student will then need to abide by applicable protocols. No student who misses any school-related activities will be punished.
- All athletic teams, band, cheer, academic clubs will follow guidance as applicable during meetings, practices, transportation, competition and other organized activities provided by the AHSAA, ADPH, ALSDE and the Daleville City Board of Education.
- Only essential personnel will be allowed on sidelines or directly involved with organization's practices, competitions, etc.
- Athletes will be required to use their own personal water bottles. No items of this nature will be shared.
- No group watering stations, team towels, or other equipment that may be shared will be used.
- Symptom monitoring will be required.
- Sick students and staff should stay home.

- Thermometers may be used to screen athletes.
- Implement isolation measures if a student becomes sick, then follow with cleaning and disinfecting processes.
- Ensure healthy personal hygiene practices.
- In weight rooms, all surfaces including, but not limited to, door handles, sinks, faucets, knobs, toilets, tables, soap dispensers, locker handles etc., will be cleaned and sanitized thoroughly before groups arrive and once groups have left the area.
- Coaches/Athletic Director will communicate with the Lead Nurse, Health Department, and visiting municipal officials to identify any local requirements that may be imposed on our players, coaches or fans while visiting another campus for competitions.
- Additional Guidance may continue to be updated as each athletic season progresses.

Concessions

- All concession stands will adhere to the Alabama Department of Public Health guidance.

Information will be shared as it is received.
